A New Generation in Homes

Beacon View is on one of the most desirable roads in Barrow upon Soar.

Davidsons are about to make it the most desirable.

Beacon View is in part on Cotes Road, which for many years has been the “right address” in Barrow upon Soar. Set just a short distance from the rolling Leicestershire countryside and just 10 minutes walk from the bustling little shopping centre, Beacon View has the best of both worlds.

This is a Davidsons development of just 20 houses. Davidsons do things rather differently, so there will be 3, 4 and 5 bed individual homes, each with a great chance to customise the interior to your own taste. Check out the “Your Choice” scheme – it has been estimated that there are over 250 ways that you can personalise your home – many of them at no extra cost – so go on be creative!

Davidsons also pride themselves on building not just for now, but for generations to come, so you’ll find that the quality standards and finish are excellent.

Barrow upon Soar is set on the junction of two waterways and is a thriving boating centre for

narrow boats and leisure craft of many types. Visit the waterside pubs or walk on the river bank tracks and you feel like you could be on holiday. But this is a great place to live if you work in the East Midlands too, it is set between Leicester, Loughborough and Nottingham and close to the A6 which connects with the local motorways. There’s a local station too, with trains to Leicester, Nottingham and other main destinations.

Barrow upon Soar itself is an extended village with a great heritage. It has a 14th century church, historic almshouses and even has its own fossil – a Plesiosaur - which was discovered locally in 1851. Today this is a community with shops, schools and medical facilities all in the area, so most of your daily needs could be met without you leaving the village.

Beacon View in Barrow upon Soar is a very special development being created by a very special housebuilder. Davidsons are convinced that it will become one of the best addresses in the area.
